

# Take Me as We Are

by Sean Taylor

I love you, starling  
But please don't ask why  
I must go, darling  
Beyond the door in the sky

This was not my choice  
Listen close and do not stray  
Lose yourself within my voice  
We will find a way

Hold me close and let us go  
Take me as we are  
Darling, hurt me slow  
Take me as we are

Hold on hope as you wave farewell  
Take me as we are  
Starling, I'm changing shells  
Take me as we are

Bathed in moonlight  
It's time to go  
Second sight  
The door begins to glow

Our hands release  
We float above  
Away from you  
Away from love

Hold me close and let us go  
Take me as we are  
Darling, hurt me slow  
Take me as we are

Hold on hope as you wave farewell

Take me as we are  
Starling, I'm changing shells  
Take me as we are  
Take me as we are  
Take me as we are
